Two costumes come with this pack with both being within the Tearable Outfits category, each with 5 color variants.

Bus-Tee is a plain costume that is just a shirt with a Japanese logo design paired with denim jeans. Nothing impressive or worth equipping for. This costume would have been more suitable to be a transparent outfit given the nature of this game.

Dengeki Bikini is surprisingly not a basic bikini and is in fact a tearable outfit. Front is shown on product description page. Back of the skirt has a cutout of a peach which acts as a window that allows the character's... peach to be visible. Overall design has a lot more flare going on compared to the Bus-Tee.

One extra that is not advertised is that the Dengeki Bikini also comes with a headwear accessory titled, Dengeki Peach Buns. The design is a pair of peaches, each with 2 bells and a tied ribbon. The accessory also comes with 5 color variants to match with the Dengeki Bikini.

I recommend this DLC for the Dengeki Bikini set alone as the Bus-Tee costume is quite boring.
